tips from us

## Do this to Improve your Short Game

### PRIORITISE

Most golfers do not spend enough time practicing their short games. A good way to ensure that you spend enough time on it is to start with the short game every time to hit the range.

### TRAIN DIFFERENT SCENARIOS

It's important to work with different lies and situations to be able to be eclectic in your thinking and to improve your imagination around the greens.

### MORE RANDOM THAN BLOCK

Hitting one ball from different situations and randomizing your short game practice will bear more fruit than just training technique all the time.

quotes from others

*"The only way to win golf tournaments is with the short game."*

– Phil Mickelson

*"A good player who is a great putter is a match for any golfer. A great hitter who cannot putt is a match for no one."*

– Ben Sayers

## First and foremost...

August was a good month for our pros. Both players, Aryan and Shaurya are very good with their processes and it's good to see them take advantage of the ecosystem.

A point to note with their success on the tour is the work that they constantly do on their short games. They spend a lot of time around the greens and with their wedge play which are very important aspects of being successful as professional golfers.

Stay tuned for an exciting few months.
